

Expert Witness Service

Expert Witness Service

Our team of experts are well renowned within the Digital Forensic field and are suitably qualified and experienced to be able to provide clear concise facts and opinion that can be easily understood by our clients and Courts. This credible and reliable evidence can greatly influence the outcome of any computer or mobile phone related legal proceeding.

We appreciate that affiliations and accreditations can give clients confidence in our capabilities. It also means that our work is regulated and quality assured. We are registered with the Law Society and approved as expert witnesses with a number of regulatory bodies in the UK.

Our experts have many years of experience and have been involved in a wide variety of criminal, civil & corporate proceedings including:

- Intellectual Property Theft
- Fraud
- Indecent Images
- Murder
- Mobile Cell Site Analysis
